

APPLICATION FOR THE PROVISION OF THE NATIONWIDE SEMESTER TICKET AS A CHIP CARD

The nationwide semester ticket is usually provided as a digital ticket in the Verkehrsverbund Warnow (VWV) app. In justified exceptional cases (= if a suitable mobile device is not available or other circumstances make it considerably more difficult to use the digital ticket), this application form can be used to request a ticket in the form of a chip card instead. The AStA decides whether the application is approved.

Students who used a chip card in the past already do not need to apply for a new one.

The completed application form must be submitted to the AStA by post or by e-mail to buero.asta@uni-rostock.de.

FIRST NAME

SURNAME

DATE OF BIRTH

I hereby declare that it is not possible for me to use the nationwide semester ticket in the form of a digital ticket for the following reason and that I would therefore like to use it in the form of a chip card.

Please provide a brief justification for your application here.

By signing this form, I confirm that I have read the above information and confirm that the information I have provided is correct.
